My dear Father

I was very glad to get your kind letter and to hear of your sons and daughter in law It is a great blessing to have good sons living Children and to see their children is a pleasure. I have two grandsons and they are a great source of interest to me Hattie the boy was at Newton school, Francis Ribis little brother is only 2 years old and as his parents live in London I have only seen him once but I have his photograph and he is a very engaging and intelligent boy Edith lives here with

me love like this little house very much it is so quiet and the Kenwin guests are well kept and pretty and from to the Pulaski from Feb 8th I enjoy seeing the Sweet and other birds and there are plenty of rats and Rabbits to see, the Cora Tabor lives in a pretty large store by and keeps excellent order, and the number of visitors to the grounds assures all feeling of loneliness I am thankful to be in such a nice place and to have my dear Aunt Ann with me 6 days in the week and occasionally come to drink tea It is time that all our old friends are from Pulaski Mary Edmondson is

the oldest I now left in Bakli-

Yearly Meeting was very small
and very few Members present
but a contrast to former times
Edith has been employed in
copying our Genealogies for
Thos Perry Watt and he
allowed her to copy those of
the name of Chapman I
inclose a copy for you
and perhaps you
can read some particulars to it- and
give us some more
matters of more interest
in exchange I have
heard my husband
say that his brother
Warren Chapman
formerly lived
Army and owned

grants of land in
Indiana and that
from these brothers
one branch of their
family is descended
I know very little of
the Wakefield family
here and nothing of
those in Manitoba
but I hope they are
prospering Please give
love to your sons from
Mabel, Edith and
Reuben Give us yourself
from us all and
believe me dear brother
Your affectionate sister
